

TREES TO ATTRACT HUMMINGBIRDS

Generally we think of annuals and herbaceous perennials as attractants for hummingbirds, but there are also some trees which have blossoms that attract these hummers as well. As you find other trees that seem to be friendly to hummingbirds, jot them down too.

MIMOSA SILK TREE (*Albizia julibrissin*)

SNOWDROP TREE (*Halesia carilina*)

TULIP TREE (*Liriodendron tulipifera*)

FLOWERING CRABAPPLE (*Malus* spp.)

IDAHO LOCUST (*Robinia ambigua* ‘Idahoensis’)

WILLOW (*Salix* spp.)

CHASTE TREE (*Vitex agnus-castus*)
